ORGANISER/PLANNERS COMMENTS

Some good racing in Malton with good times on all courses especially by several relative newcomers to the sport. Special mention to Mike Ridealgh for completing his course after headbutting a sharp branch while dibbing. Steve's first aid proved up to the task and Linda was her usual caring self. Some complaints that the "stars" course was too long to be called a "sprint" race were ignored by the organiser (who will get Oli to run it at Christmas and let you know his time). The after-race meal at the Malton Mexican was great - why not join us next week at the Dormouse?
