

White Rose 2023

Pickering Forest, Newton Dale

Fri August 25th to Mon August 28th

Full details of this year's event

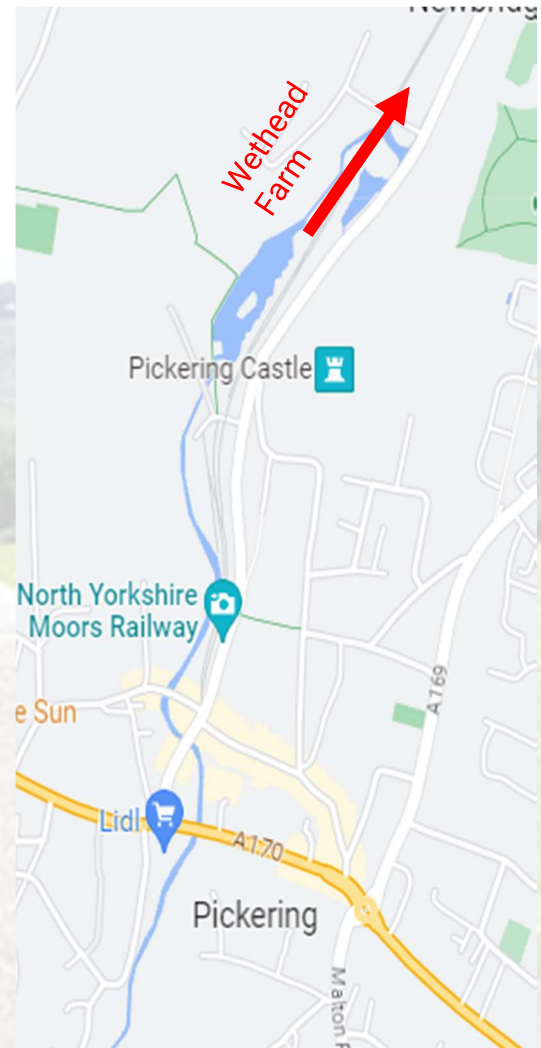

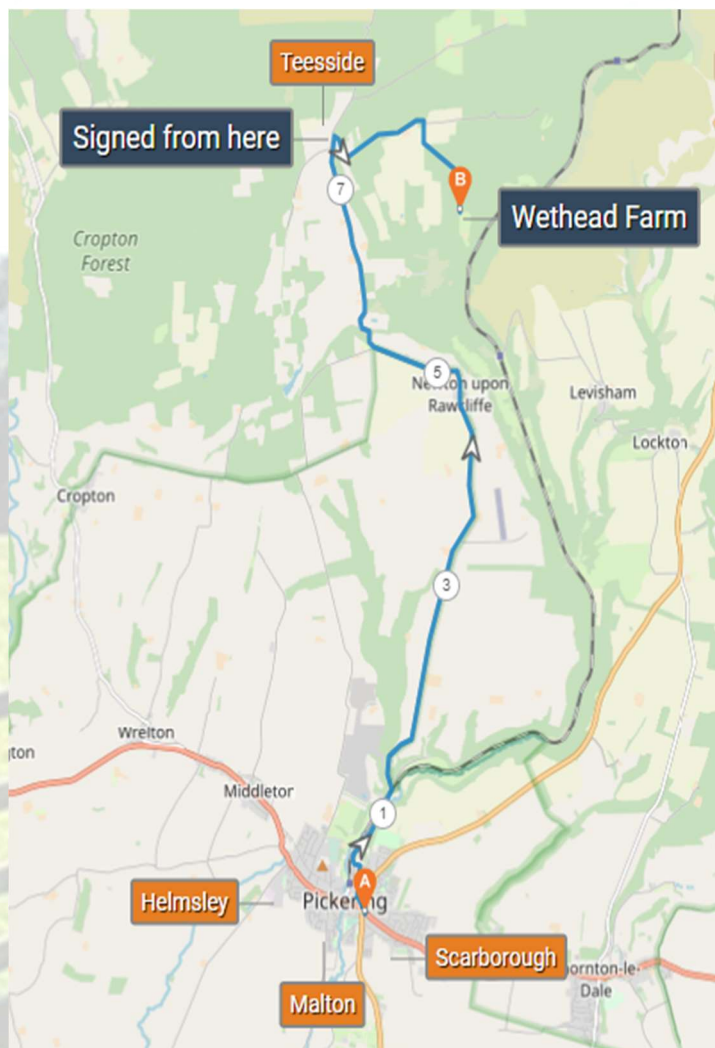

WHITE ROSE WEEKEND 2023, Pickering Forest

Eborienteers welcome you back to the *original* orienteering holiday weekend **25th to 28th August 2023**, this year in Pickering Forest. We are using areas from the cancelled 2020 JK and we are partnering with our friends at CLOK who will be in charge on the Sunday for the Classic distance race.

THIS YEAR'S VENUE

The weekend is being staged in and around Pickering Forest in North Yorkshire from Friday 25th to Monday 28th August 2023. The assembly area and campsite is at Wethead Farm, Newton Dale, Stape, GR [SE811928](#), what3words: [handbook.scorching.feast](#) (<https://mapcarta.com/N6064703500>).

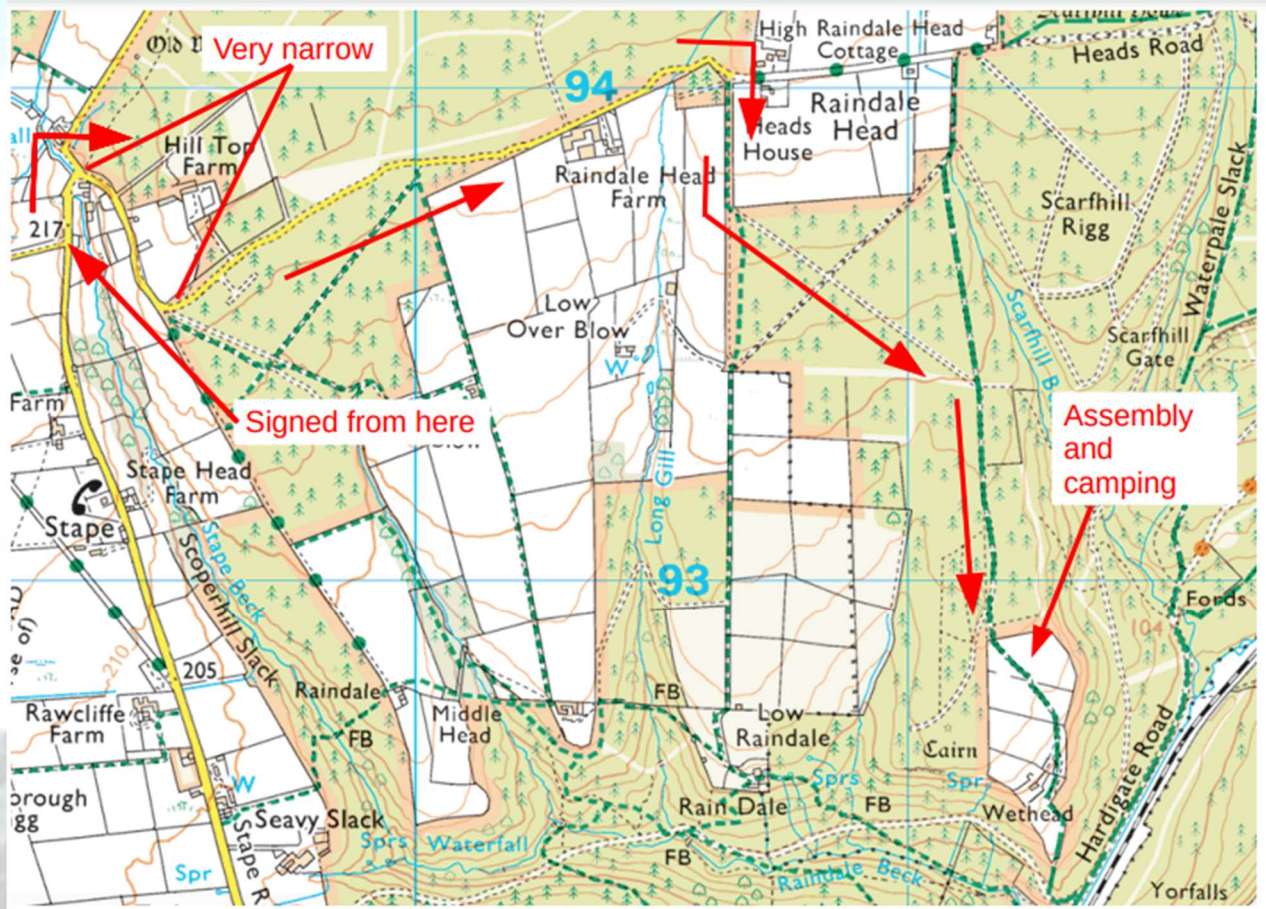

Wethead Farm lies 15km north of Pickering. Leave the A170 at the traffic lights by Lidl, signposted "Town Centre/Newton on Rawcliffe". Stay on this road through Newton and Stape.

WHITE ROSE WEEKEND 2023, Pickering Forest

The route to assembly will be signed from grid reference SE792936 (Lat, Long (WGS84) 54.33258801385546,-0.7821818838812115;what3words:signature.grinders.hoaxes).

Access by vehicle is only possible from the west. **DO NOT** try to come via Levisham as the old Forestry Commission road which used to link across the forest is now closed.

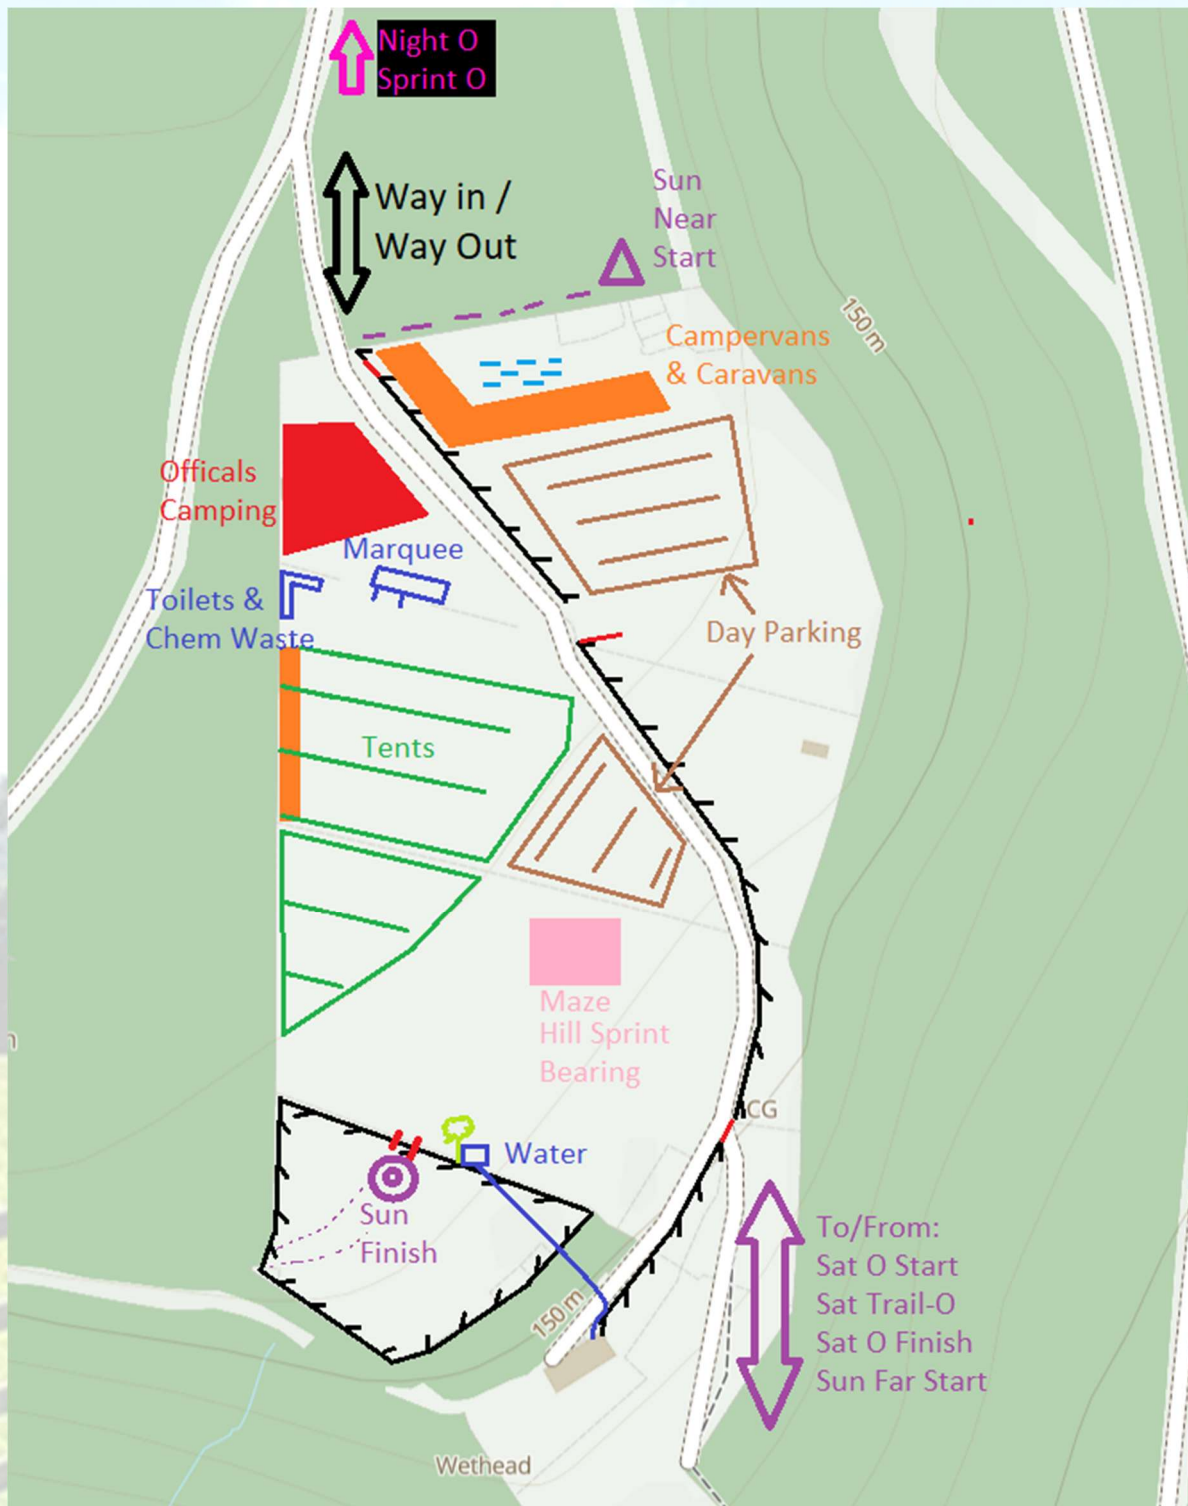

The roads north of Pickering are generally quiet but they are narrow and the last few kilometres have long sections of single track. Orienteering traffic will be restricted for short periods on Saturday and Sunday morning.

WHITE ROSE WEEKEND 2023, Pickering Forest

Once in the field follow the marshal's directions to camp site or day parking, see below.

WHITE ROSE WEEKEND 2023, Pickering Forest

OVERALL WEEKEND STRUCTURE

- The campsite and assembly will be open from Friday evening until Monday evening at Wethead Farm.
- The [Night Score event on Friday evening](#), always very popular and very sociable, will have a mass start at 9pm.
- The [Middle Distance Race](#) on Saturday morning 1030-1300.
- The [Trail-O race](#) on Saturday afternoon 1500-1700.
- The [Classic Distance Race](#) on Sunday 1030-1300, planned and organised by [CLOK](#)
- The [Sprint Race](#) on Monday 1000-1100 with early starts to allow those travelling to get away.
- The Maze will be in the assembly field on Saturday and Sunday from 1000 – 1400
- The Quiz will be from Friday evening until Sunday at 1200.
- BBQ for all, after the main Prize Giving on Sunday evening.
- The Pace & Bearing competition will be in the assembly field from Friday evening until Sunday at 1200.
- Catering and traders present

All races and activities have been planned to provide an enjoyable and rewarding experience for everybody. Classic and Middle Distance races on Saturday and Sunday have been planned to British Orienteering event level B standards. The Sprint is level C and the Night Score level D. All races will use SportIdent electronic punching, contactless for those with SIAC cards.

White Rose Trophies are awarded on results based on the cumulative times for Saturdays Middle and Sundays Classic Distance Races. Prizes (iconic mugs!) will be awarded to the first three in all age-group classes. You can enter any course you prefer, however, to qualify for a White Rose trophy:

1. Competitors must have entered for both days.
2. Must run the colour course applicable to their age class and gender.

White Rose Trophies (mugs) are also awarded to the top three in each of the age categories for the Night event and Sprint race.

The **Yorkshire Water Trophy** is awarded each year to the Family with the best performance over the Classic and Middle Distance Races. It is awarded to the Family (defined as three members of the same family to include at least one Junior running M/W20 or less and at least one senior running a colour course applicable to their class) with the lowest aggregate score over the 2 days in any class (1 point for first place, 2 for second, 3 for third etc.).

Registration for this competition must be made free of charge on Saturday using a special entry form that can be collected from Enquiries. You should return the completed form to Enquiries before 1230 on Saturday.

Ticks. Unfortunately the tick population has boomed this year. **Good leg covering is highly recommended particularly for the middle and sprint events.** A deterrent spray as well will be helpful. If you are bringing a dog make sure its tick treatment is up to date. Please check carefully you haven't picked up any Ticks after your run.

WHITE ROSE WEEKEND 2023, Pickering Forest

THE SOCIABLE AND FUN STUFF

CAMPING

Camping is available from 1600 on Friday 25th August until 1600 on Monday 28th August. The campsite is adjacent to the assembly field.

We are grateful to **Wethead Farm** for their help in allowing us the use of their fields. Please note that Wethead Farm is a working farm and there will be animals in one of the fields adjacent to the camping area. Well behaved **dogs** on leads are welcome in the camping field, and can be taken out into the competition area as long that you are careful not to cause a hazard to members of the public or other competitors. If you're taking your dog out into the competition area, please be aware that there may be adders around.

Toilets will be provided in the campsite and main assembly area. A **water supply** will be provided in the campsite field. This water is fresh and clean, drawn from a private supply.

First aid will be available in the various assembly areas and the marquee, and there will be a defibrillator available.

We are grateful to Simon Peers and **North Yorkshire Scouts Event Support Team** for their help in managing the water supply for White Rose 2023 and also providing us with their excellent **marquee**.

Fees are £12 per pitch (for up to 6 people) per night for advance bookings and £18 per pitch per night on the day. Bookings to be made through Racesignup along with race entries.

WHITE ROSE WEEKEND 2023, Pickering Forest

DAY PARKING

For those not camping the Day Parking will be adjacent to Assembly with a fee of £2 per day. Follow marshal's directions to parking as shown in field layout above.

Please note that there will be some control on parking field access:

- Friday – Please try to avoid entry to the campsite 2015 - 2045 as competitors will be driving to the night event.
- Saturday and Sunday - No field exit between 0900 and 1130 (last start 1300) to allow on the day competitors to access assembly

MAZE

Suitable for ages 1 to 91. Prizes for those under 10 years old. Free including free dibber hire. Any dibber can be used (this race is separate from all the others) or dibbers will be available on loan free of charge. The terrain is a flat and only the uncrossable fences are mapped! The map is large scale drawn by Steve Whitehead. Start and finish are close to the marquee. 4 courses available each day so why not try them all?

PACE & BEARING COMPETITION

A pace & bearing competition where you are given a distance and bearing to mark out with your feet and compass. No tape measures please. The nearest to the Judge's measurement is the winner. Entries to be made at Enquiries in the marquee. No entry fee.

HILL RACE

Starts at 1500 on Saturday in the assembly field. Using SI blocks you will be timed how quickly you can cover the distance. No entry fee.

QUIZ

Usual White Rose quiz questions, a selection of rubbish from around the world, trying to test your general knowledge and thinking ability. Entry fee £2, with all proceeds going to Cancer Research.

PRIZE GIVING

The **Classic and Middle Distance Races Prize Giving** will take place on Sunday afternoon. We will also be awarding prizes here for the **Night Score, Trail O, White Rose Quiz, Hill Race, and Pace & Bearing competitions**. The sprint prizes will be given after the sprint event in the sprint assembly

TRADERS. Compass Point will be on site.

CATERING. On site catering will once again be provided by The Bakehouse Yorkshire, and will include drinks hot and cold, sandwiches, cakes, etc. Hot dogs for breakfast and burgers for lunch will also be available.

WHITE ROSE WEEKEND 2023, Pickering Forest

There are local stores in Pickering. There are many pubs, cafes and restaurants where you can eat locally.

BARBEQUE. There will be a BBQ for all interested on Sunday evening. Ebor will supply two large BBQ's and charcoal. Bring your own food. All welcome

WHITE ROSE WEEKEND 2023, Pickering Forest

NIGHT SCORE RACE – FRIDAY 25th AUGUST 2023

30 minute score event. Mass start at 2100 and collect as many controls as you can within the time limit.

Prizes will be awarded to the top three in each of the following twelve classes, and given at the main Prize Giving on Sunday

Age Group	BOF Age	Age Group	BOF Age
Young Junior Men	M10/12	Veteran Women	W40/45/50
Young Junior Women	W10/12	Super Veteran Men	M55/60
Junior Men	M14/16	Super Veteran Women	W55/60
Junior Women	W14/16	Ultra Veteran Men	M65/70
Senior Men	M18/20/21/35	Ultra Veteran Women	W65/70
Senior Women	W18/20/21/35	Hyper Veteran Men	M75+
Veteran Men	M40/45/50	Hyper Veteran Women	W75+

Venue; Wardle Rigg, Newtondale, Pickering.

Directions; Please follow the signs for the Night event which will take you out of the assembly field, then back into the forest to the Night event parking. Parking is on a forest road 2km from the campsite.

WHITE ROSE WEEKEND 2023, Pickering Forest

If you arrive after 2015 please do not come to the assembly field as competitors will be leaving to go to the night event. Go directly to the night event parking, if you are competing, or wait until 2045 to access the assembly field.

Map and Terrain; The map is part of the larger Pickering Forest map. Maps will be A4 size on waterproof paper with a scale of 1:7500.

The navigation will be a light green standard or easier, with a large number of controls positioned for the less experienced. The difficulty is choosing the quickest optimum route in the very limited time. Full leg cover and whistle will be required.

There will be 25 controls each worth 10 points each and strict time limit of 30 minutes. Anyone finishing after 30 minutes will receive a penalty of 5 points for every minute or part minute late. If you are 15 minutes late you will lose all your points.

Planners comments: Some narrow rides are marked with a dark green (fight) colour. This is to show that they have a large amount of undergrowth and heavily rutted with forestry machinery, which makes them extremely difficult to use or even walk along.

Please ensure you have a headlamp and time piece.

Start: The start and finish are adjacent to each other at the front. East of the parking line. The race should start promptly at 2100 with a mass start. There will be a race call up and briefing at 2045, to ensure dibbers are cleared and checked. Loose descriptions will be available.

Download and Results: Course closes at 2145. Download will be near the Night event Start/Finish. Please ensure you download when you finish as this is a safety check, helping us ensure everyone is safely out of the area. Results will be posted online at <https://www.sportident.co.uk/results/ebor/2023/WR23Score/>

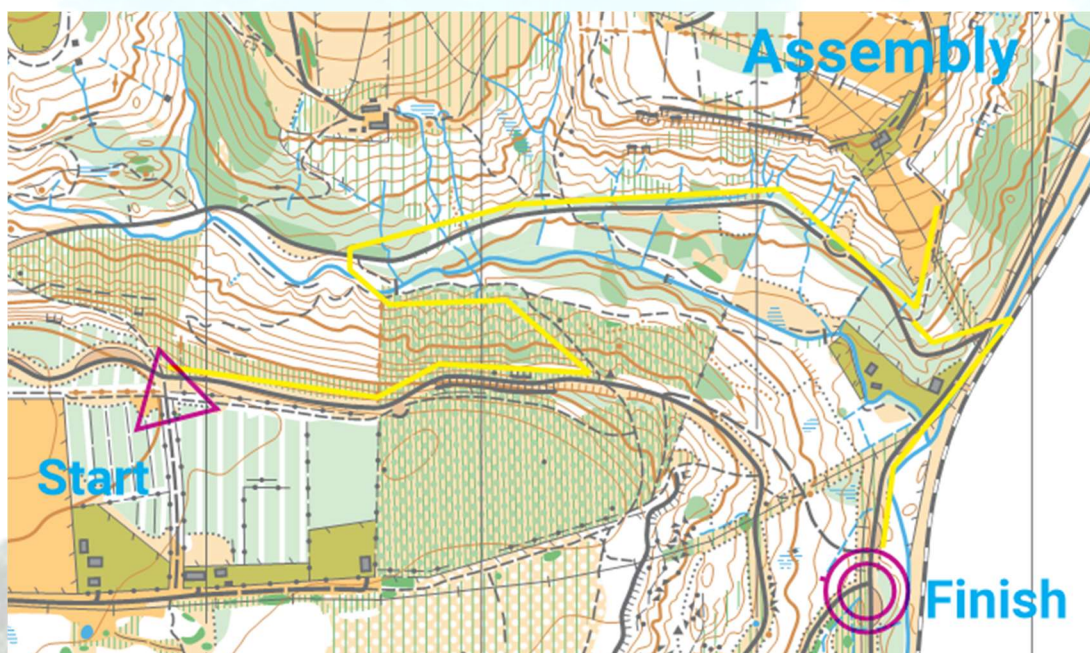

WHITE ROSE WEEKEND 2023, Pickering Forest

MIDDLE DISTANCE RACE – SATURDAY 26th AUGUST 2023

Venue; Assembly field at Wethead Farm, as described above.

Directions; Start is a 1.5k walk with a steep uphill (see below). Please allow plenty time to get to the start

Map and Terrain; Map is 1:10000 A4 for Short Brown to Black and is double sided. 1:7500 for the rest, single sided. Printed on waterproof paper. Control descriptions will be printed on the maps, and loose copies will be available at the Start.

There are some dangerous crags on the edge of the moor – these should not to be crossed and courses are planned to avoid these. A small section where competitors may go near will be marked with yellow and black tape.

2 knolls on the moor are to be avoided as these are historic in nature and running across them may damage them. These are not marked on the overprint but will be marked on the ground by red and white tapes.

Ants nests - *these need to be avoided* as much as possible but some areas have a lot of them. Some of these are very big and appear like Knolls but are not marked on the map.

Orange and Very Short Green will have a taped route to their final control to lead them through an area of thicker undergrowth

Entries; Late entries and entry on the day subject to remaining map availability. You will select your own start time from those available and there is no requirement to have a late start one day then an early start the next, or vice versa

Yellow	M10A W10A M12B W12B	6	1.5	5
White	M10B W10B	9	1.3	5

Starts: There are start times available from 1030 – 1300. Separate course descriptions available in start lanes. White & Yellow courses will be able to view their maps prior to starting. All other courses will have a -3 min call up and receive their map after the punching start. Note all courses have the same pre-start, but White has a separate start from the other courses.

Finish: the finish is 800m walk back to assembly. Courses close at 1430. The finish is by the main forest road by the railway (see map). Finishers should not wait around for other runners in the road as there may be traffic heading to the farms and holiday cottages. Finishers need to walk along the side of the road for approx a couple of hundred metres so finishers need to be aware of traffic.

Download and Results; these will be in the main marquee. Please ensure you download your dibber when you finish and then we aren't searching for you later in the day.

Results will be posted online, hopefully live (depends on phone signal) at <https://www.sportident.co.uk/results/ebor/2023/WR23combined/>

Prize Giving; at the main Prize Giving on Sunday.

WHITE ROSE WEEKEND 2023, Pickering Forest

TRAIL O – SATURDAY 26th AUGUST 2023

Venue; short walk from Wethhead Farm assembly field, as shown below.

Directions; the start is within a short walk downhill from assembly (see below). If you are a wheelchair user please contact the organiser in advance to arrange alternative route.

A small number of vehicles belonging to residents and farmers use the forest road parallel to the railway. Walking to the start be aware and stay alert.

Continue a short distance along the forest road, beyond the triangle shown on map, to a model control for familiarisation and practise. Map on front, correct answer on reverse. Continue to the Start.

There will be accessible toilet at the start.

Map and Terrain; Map scale 1:3000, 5m contours. Enlarged from map by Paul Taylor. Amendments by Peter Roberts. Printed on waterproof paper.

Entries; Late entries and entry on the day subject to remaining map availability. You will select your own start time from those available.

Courses; The course, planned by Peter Roberts, will count for the BriTOL (trail orienteering league). Total course length 900m; climb 50m. It will have 15x PreO sites followed by a timed 5x A-Z. (*this has changed from earlier details*)

Entry classes are Open, Junior and Class P (You will need to show why you think you should be in the P class.)

Start with the PreO section. At the start you will receive a needle punch and a named control card. When ready you will dib the start box and receive your map. After #15 dib the 'end of preO' box to record the time.

The next section is the A/Z course which you will do as fast as you can. Dib the 'start of the A-Z' box. There are 5 controls in this section, numbered 16 to 20. The flag is in the correct place (answer A) or not (answer Z). When complete dib the Finish box and cross the forest road to download – check for traffic.

Overall time allowed for Pre-O section = 70 mins (P class = 80 mins). There is a penalty if these time limits are exceeded.

WHITE ROSE WEEKEND 2023, Pickering Forest

Don't forget the rules. "Quiet please" and whilst on the course you may not go into the terrain, you must stay on the forest road/bridle path. Be aware of other forest users. E.g. walkers, horse riders, cyclists.

We are using a 4 metre error tolerance rule. This means no incorrect flag is within 4m of any other flag unless that flag is on another mapped feature.

Starts: There are start times available from 1600-1800. *** **Please note these times have Had to be put back an hour from previously advertised times and Racesignup entry timeslots.** ***

Finish: Courses close 1930.

Thereafter you are welcome to help bring in the equipment and look closer at the sites. Regret we cannot leave the kites out for practice

Download and Results; Dibber download will be close to the Finish. As well as downloading please hand in your results card and return the needle punch.

Your own SI dibber is used to record the time you take for both the preO and A-Z section, but a needle punch (provided at the start) is used to record your answer on a special control card (also at the start). Both this card and the map are waterproof. The preO section has a maximum time allowance. If this exceeded a point is lost for every 5mins (or part) late.

The results are sorted by the number of correct preO answers. The order for those who have tied on preO points is by the time (inc penalties) on A-Z section. Someone who scores 12 preO points will always be beaten by a competitor who scored 13 points.

The control card is folded in half – punch through both thicknesses. One side will be returned to you to check against published results. We will endeavour to get solution maps to you as soon as possible after the course close time.

Prizes are awarded to the first 3 in open, P class, junior. The prize giving is on Sunday.

WHITE ROSE WEEKEND 2023, Pickering Forest

CLASSIC DISTANCE RACE – SUNDAY 27th AUGUST 2023, by

***Full event information, final details, Routegadget, etc [available at the CLOK website](#) ***

Venue; The Event Centre, camp site, assembly and day parking are at Wethead Farm, Newton Dale, Stape. The grid reference is [SE 811928](#). Starts walkable from assembly at Wethead Farm.

Map and Terrain;

1:10,000 for Black, Brown, Short Brown. 1:7,500 for the rest.

Control descriptions will be printed on the maps, and loose copies will be available at the Start.

The competition area consists of mixed forestry plantation with plenty of slopes, some of which are very steep. There are some crags and boulders, some tracks and paths, and some areas with intricate contour detail. There are no uncrossable fences or crossing points. Runnability is variable. In particular, open areas are generally overgrown and slow at this time of year.

The courses have been designed to avoid areas of historical and environmental sensitivity. In particular, please be careful not to disturb or damage any cairns that are not used as control sites.

Entries; Late entries and entry on the day subject to remaining map availability. You will select your own start time from those available and there is no requirement to have a late start one day then an early start the next, or vice versa. Enter your age class course as below.

Yellow	M10A W10A M12B W12B	10	1.7	45	Near
White	M10B W10B	7	1.0	10	Near

Starts: There are two Starts. There will be a 3-minute call-up and a punching start.

The **Near** Start is just outside the north-east corner of the camping field. To access the near Start, please go out of the main entrance in the north-west corner of the field and walk along the north side of the fence. (There are occupied pigsties on the direct route.) Allow 5 minutes from when you exit the field.

The **Far** Start is 1.8 km walk from the south-east corner of the camping field (see left). Allow 25 minutes' steady walk. There are start times available from 1000 – 1300.

Finish: Will be in the assembly field. Courses close 1500.

Download and Results; will be in the main marquee. Please ensure you download your dibber when you finish and then we aren't searching for you later in the day.

WHITE ROSE WEEKEND 2023, Pickering Forest

SPRINT RACE – MONDAY 28th AUGUST 2023

Venue; Stony Moor, Stape, Pickering. Car parking at Rawcliffe Motors, Stape Rd, YO18 8JA

Directions; There will be a walking route marked from the camping field to the Sprint start which will be approximately 1.8Km and 80m of climb and the finish a further 500m.

Those wishing to drive can follow the signs which will take you out of the assembly field, through the forest, onto public roads back south towards Newton on Rawcliffe. Parking is at Rawcliffe Motors YO18 8JA, 5.5km from the camping field. We have arranged earlier than normal start times and this car park for those who are eager to start their journeys home.

There will be a toilet at the car park, but suggest those leaving the campsite use the toilets at the campsite before they set off!

Map and Terrain; The map is part of the larger Pickering Forest map. Maps will be A4 size on waterproof paper with a scale of 1:5000.

The West end of Stony Moor is much more runnable than the East used for the Middle. This is a sprint in the forest. The area is a mixture of forest with both open and semi open land. The area has many low branches so care should be taken with eye protection considered. There are ancient burial grounds, dykes and an ancient building. There are few paths and the terrain will be slower than running on cut grass. Full leg cover and whistle will be required.

There are ruined building areas near some controls that will be taped off. These should not be crossed.

Beware of ruined fences on earth walls and ruined walls - these are generally not marked.

Mapped boulders are those above 0.5 m high and generally free from vegetation covering them.

Entries; Via Racesignup until 23rd August (see above). Limited entry during the weekend and on the day depending on map numbers.

* Please note: Course 5 is longer than usual sprint events to ensure the course is of the correct technical difficulty for the age class. It also includes a taped section clearly marked with red and white tape.

Start; 10 minute, 800m level walk from parking (see above). There are start times available from 1000 – 1130. Separate course description lists will be available in the start lanes.

Finish; The finish is 5 minute, 300m walk back to parking (see above).

Please note that the route to the start and from the finish cross a minor road. Children should be supervised crossing this road.

Download and Results; Download will be adjacent to the Sprint race finish and results will be announced as soon as possible, we hope around 1130. There will be a prize giving here as soon as the results are in. Results will be posted online, hopefully live (depends on phone signal) at <https://www.sportident.co.uk/results/ebor/2023/WR23sprint/>

Prizes will be awarded to the top three in each of the following classes:

Prize giving will be as soon as possible after 1115 at Sprint assembly.

WHITE ROSE WEEKEND 2023, Pickering Forest

NYMBO SCORE EVENT – MONDAY 28th AUGUST 2023

North Yorkshire Mountain Bike Orienteers are holding a 3 hour Score event. There are 30 controls, adding up to maximum of 525 points if all were visited.

We are also planning to have a short course that takes about an hour to complete with a few controls available throughout the weekend for anyone who wants to try out the MBO and MapRun without doing the main event.

Venue; Car parking and assembly at Rawcliffe Motors, Stape Rd, YO18 8JA. See Sprint map above. Toilet available at Assembly.

Directions; Please be aware that White Rose Sprint race competitors will be arriving from the weekend camp site, and early finishers could also be leaving as you arrive. Start and finish are in the White Rose Sprint Assembly field.

Map and Terrain: the course will use MapRun, and the map download will be available by the Thursday before the event. The blank course map, will be available on the website from about the 20th.

The course uses the bridleways, tracks and forest roads throughout all of Cropton Forest

Entries; Pre-entries only, [entry is here](#) and there is 50% off entries received by midnight on the 22nd.

Starts: Registration is 1130-1245, with starts 1200 – 1300 (early starts for White Rose weekenders may also be possible by arrangement).

Please see NYMBO web site for more details and entries at nymbo.org.
