Organiser's Comments

After a few issues working out the tech I think we all got there in the end. Unfortunately the tech gremlins struck en route, but the main thing was that my first maprun worked OK. Plenty more opportunities to test your tech after xmas, so look out for further midweek lamp o events. And remember to make sure every is charged up!

Vicky Todd	37	43	19		190	0	190

Organiser's Comments:

That was a chilly one for our first maprun based event. 9 runners used maprun and it seemed to go OK. For map runners then the full breakdown is visible via the maprun app. So only the count of controls visited is included for all concerned.

Organiser's Comments:

Bit of a miserable night and the river flooding the far corner didn't help! But good effort all and thanks for turning out in a rather dark part of town! See you in Haxby in a fortnight!

Organiser's Comments:

Thanks for coming on a dry but cool night and thank you to Debs Sharpe for the cake.
