43	Path, E. Side
44	Building, NE. Corner (outside)
45	Path, NE Corner (inside)
Navigate to Finish	

This Accessible orienteering course is suitable for all and a sample control marker can be found near Beeforth's Hive. Controls can be visited in any order and a description of the location is shown above. Read the map along a wheelchair friendly route, but please do not attempt to use the black dashed paths and do not go past those marked **X**. Fences alongside paths are not shown and care should be taken going downhill. Each control has a QR code and chip to record your visit with your mobile phone. Maps can be downloaded from www.southcliffgardens.co.uk or from the Eborienteers website www.eborienteers.org.uk. Supported by the National Lottery Heritage Fund.
